

Twilight Enhances Nearby Park's Beauty

Elk Island Park is fast becoming Edmonton's favorite Sunday rendezvous. Hundreds flock from hot city to park's cool water, sparkling sand and green shade.

Bulletin photographer Eric Bland has caught peaceful day's end mood in photo taken Sunday at Elk Island.

Yellowhead Pass Caravan Feted In Edson, Jasper

BEACHCOMBER DIES, LEAVES THOUSANDS

SEATTLE, Aug. 16.—(UP)—A 75-year-old recluse, who gathered driftwood for a living, left an estate of \$103,000, probate records showed today.

Neighbors said Fred S. Wilson, who lived in a waterfront shack and ate stale bread and potatoes, made a fortune in Alaska but never spent it. He died July 29.

Gas Export Regulation Discussed by Officials

Regulations governing export of natural gas from Alberta are being discussed today by executives of the Board of Transport Commissioners and provincial officials.

H. E. B. Coyne, R.C. chief engineer, and D. G. Kilburn, chief engineer, Board of Transport Commissioners, are conducting negotiations with provincial officials.

THREE APPLICATIONS
Three applications for permits to export natural gas are now before the Board of Transport Commissioners, Mr. Coyne stated.

West Coast Pipe Line Company has applications to export gas from Athabasca through Pine Pass to British Columbia coast cities, and from Calgary to Trail B.C., and northwestern United States markets.

Western Pipeline Co. has applied for permit to export gas from Calgary to Winnipeg.

NO PREDICTIONS
Mr. Coyne was unable to predict when action would be taken in view of the Alberta government's attitude of natural gas export.

Premier E. C. Manning, in a telephone interview yesterday, said the provincial government is expediting in every way export of oil from the province.

He was emphatic that export of natural gas would not be permitted until sufficient reserves have been established to satisfy future provincial needs.

INQUEST ORDERED INTO 9-DEATH CRASH AT SEA
GALWAY, Ireland, Aug. 16.—(UP)—Irish authorities called an inquest today into the deaths of eight persons in the crash of an Irish Aerline DC-4 off the Irish coast yesterday.

Forty-nine other persons aboard the plane were rescued, including famed American flier Ruth Nichols. One person still is missing in the waters five miles off Killybegs, County Londonderry, and is presumed dead.

The dead and the survivors were brought into Galway late yesterday by two trawler ships, the Irish steamer Lanahone and the British trawler Stalberg.

Columnist Dies
VICTORIA, B.C., Aug. 16.—(CP)—Percy C. Rawlings, 72, well-known retired columnist of the Vancouver Daily Province, died here yesterday.

By Ken Liddell
Provincial News Editor

JASPER, Aug. 16.—The mountain came to Mohammet yesterday as interior of British Columbia joined with the prairies to wheel a way over the Yellowhead Route to present the cause of the northern Trans-Canada Highway.

Thirty-six cars rolled from the dust clouds of the east, from as far as Saskatoon, to be joined at this mountain resort by nine from Kamloops and district under banner of the Yellowhead Route Caravan.

Nearly 1,000 people gathered on shores of Lake Annette, three miles from Jasper, last night to eat a barbecued lunch, dance to old-time music and hope they would get to bed before dawn called them behind the wheels and into the dust clouds once more en route to Vancouver.

UNIFIED FRONT
Before the festive doings they heard speeches, which expressed unanimity of purpose, and they considered resolutions which presented a three-province front for the northern route to be presented to government officials at Victoria and Ottawa.

There are about 500 people in the flower showing and, according to association secretary-treasurer H. C. Hunter, "the quality of the flowers is excellent."

Flowers on display are as good as in the past, despite the damage of the big July 16 hailstorm.

There are many begonias and gladioli, particularly, and displays of cactus and succulents are "much better than they have been for years."

Official opening of the flower show will be held at 8 o'clock to night, when H. C. J. L. Robinson, minister of industry and labor, will officiate at ceremony.

Tomorrow at 8 p.m. acting mayor, Alderman J. M. Douglas, will present trophies to winners.

Annual gladioli show of the Horticultural Association will be held on August 22.

'Peg Man Gets CPR Promotion To Traffic Post
MONTREAL, Aug. 16.—(CP)—Executive committee proposed by-law on the subject endorsed formally.

During July's heat wave, a suggestion for soothing the feelings of motorists who had been stuck in traffic jams was to have a "Peg Man" patrol the streets.

He would have policemen patrolling streets in motor cars, carrying a "Peg Man" sign, and having a "Peg Man" on their backs.

PARROT WHO CRIED WOLF

LONDON, Aug. 16.—(CP)—Fleet Street's best-known tavern has lost a tourist attraction. Polly II, the parrot whose whistle imitating a high-explosive bomb caused havoc during the war, is dead. For 23 years, Polly II perched on the bar in the Cheesecake.

Fine Weather In Store Here

The weatherman, whose greatest delight is to forecast heat waves, cold waves, storms, droughts and meteorological catastrophes, is bored.

"Nothing" but good weather to report today," he said.

"It's going to be clear and warm with light winds. High will be about 80. It was 76 yesterday."

"And the prospects for tomorrow are equally dull. For the life of me I can't see where we're going to have anything but fine weather for some time to come."

He brightened somewhat when asked about the rain storms in the Mackenzie river district.

"Still raining there, by gum," he said. "Most stations along the river have reported two or three inches of 'pewee' and they must have had at least another half inch since yesterday."

But things are pretty close to normal here. Today's expected 80° and scratches on dust and window.

Both side-view mirrors broken off and thrown 40 feet.

Neat tire deflated.

Exhaust accessory flattened.

Compass attached to inside of windshield broken.

Heater switch broken.

City's Building Total Near All-Time Record

Huge Fruit Strike Loss Faces B.C.

Union Shop Asked By Cannery And Packing-House Men

By Ed McLean

KELOWNA, B.C., Aug. 16.—(CP)—A strike cloud today hovers over the lush fruit-growing Okanagan valley, threatening Canadians with short supplies this winter of canned apples, peaches, plums and pears.

British Columbia growers, their worries increasing every day over the possibility of this year's \$25,000,000 crop rotting on the trees, were told last night a strike by cannery and packing-house workers may be called "within a matter of hours."

A strike could be more damaging to the growers and Canada as a whole than the insects and blight they have been fighting during the past three months.

STRIKE DATE SECRET
W. Sands, secretary of the Federation of Fruit and Vegetable Workers, certified union of the packing-house workers in the fruit industry, last night warned growers that a strike may come "on a few days' notice." But the exact date is a union secret.

Concerned about their union security, the packing-house workers converted an unofficial 79 per cent in favor of striking if the packing-houses continued to refuse demands for a union shop.

No official announcement has been made.

(Continued on Page 2) (See 'Strike')

Aerial Flares Give Light for Super Photos

CHICAGO, Aug. 16.—(UP)—A type of aerial flash bulb exploded at 2,400 feet over the city gave pictures so clear that even the make of automobiles could be noted, air force officers said today.

The special flash bulbs were exploded last night in a strip along the shore of Lake Michigan from Gary, Ind., to Evanston, Ill. They went off at 1,000th of a second and gave 50,000,000 candlepower.

The pictures were taken from a converted B-17 bomber which dropped the bulbs.

New Air Post
OTTAWA, Aug. 16.—(CP)—Group Capt. K. L. B. Hudson, 33, of London, Ont., has been appointed director in the air plans division of air force headquarters, it was announced yesterday.

Accused Killer Hunt Swings to Winnipeg

CALGARY, Aug. 16.—(CP)—Search for Donald Winston Henderson, 22, of Oliver, Alta., wanted for the brutal slaying of attractive young woman last Thursday night, swung sharply into the Winnipeg area today.

Police said a letter from Henderson to his parents at Moose Jaw, Sask., had been mailed from Winnipeg. The information was obtained from police at Moose Jaw.

The letter, dated in Moose Jaw Monday afternoon, was postmarked at Winnipeg at 5 p.m. last Sunday.

NOT FAMILIAR
Police said they were not familiar with the contents of the letter, but they had no direct bearing on the case.

Police said the important factor in the case was some indication of Henderson's whereabouts and his general line of flight.

A widespread manhunt has been underway for the swarthy, curly-haired man since he escaped from the Judgewood Auto Camp in East Calgary last Thursday night, leaving behind the mangled, battered body of Miss Levesque.

LEFT JOB
The 25-year-old Ponchartraine, Alta., woman had left her job at a waitress in an Edmonton coffee shop late last month to marry Henderson. They had been living together at the same camp for about five days.

Police here said RCMP, city and municipal police forces throughout Manitoba and northern Ontario had been alerted to be on the lookout for Henderson.

Circulation gives his description and that of the 1941 black Chrysler Windsor sedan he is believed to be driving have been distributed to them.

MARGARET MITCHELL
... Death in Atlanta

Hurts Fatal To Pulitzer Prize Author

ATLANTA, Aug. 16.—(AP)—Margaret Mitchell, the author of "Gone With the Wind," died today.

She was struck down by a speeding automobile last Thursday night.

Miss Mitchell died as doctors prepared for an emergency operation to try to save her life. She never fully recovered consciousness.

SEVERE INJURIES
Doctors said she had a fractured skull, fractures of the pelvis and other injuries.

The quiet author of the famous Civil War novel was hit by a car as she and her husband, John R. Marsh, an advertising executive, crossed the street while walking to a movie near her home.

Police charged the driver of the car, Hugh D. Gravit, 26, with manslaughter. Police records show he has had 23 traffic violations.

The speeding car slammed her to the pavement and dragged her 15 feet.

HELD IN ARMS
Marsh, a semi-invalid as the result of a heart attack, held his wife in his arms until police and an ambulance arrived.

Margaret Mitchell turned the Civil War tales she heard as a child into "Gone with the Wind," a book outsold only by the Bible.

But, she scoffed at any idea it was an easy job.

"Actually, I began writing at the age of six years. I worked 12 years on 'Gone with the Wind' and then away a lot of more I had written before that," she once said.

Since then the book has sold some 850,000 copies in 40 countries and 30 different languages.

Today the novel still sells 60,000 copies yearly in the United States and Canada, and probably that many overseas.

Half-Million Dollar Jump Taken Today

City construction today received nearly a half-million-dollar shot-in-the-arm. This shows the 1949 total to approximately \$24.5 million, within easy reach of last year's record-shattering \$27.1 million.

Two large housing projects, for which permits are expected to be issued shortly, will boost building figures over the all-time high before the end of August.

HUGE FIGURE POSSIBLE
If Glendon Hotel deal is completed by the time the option expires Nov. 1, if plans for the MacDonald hotel extension are sufficiently advanced to issue a building permit this year, and if the new federal building permit also sails, the 1949 total, Edmonton building this year will make last year's boom look like a piker.

T. Eaton Co. has called for tenders on a \$500,000 extension, several industrial firms are putting final touches on expansion plans and private office building applications continue to pour into the city building inspector's office.

24-HOUSE PROJECT
A 24-unit housing project totaling approximately \$193,000 heads today's list of new building permits. Disposition and Co., of 902-101A avenue, will build one-family dwellings, valued from \$7,450 to \$8,500, in the 115 and 116 blocks on 77 avenue, and in the 116 block on 76 avenue.

A \$100,000 neighborhood theatre will be built at 9030-34-118 avenue by P. P. Shacker of Hanna. It will be 82x110 feet in size. Main Renas and Minors are architects, and R. Vellan the contractor.

Permit was granted R. Diwert, 9642 84 avenue, to build an 11-story frame and stucco apartment in vicinity of Jasper and 96 street at a cost of \$48,000.

\$7,800 HOMES
A five-house project will be built by L. Backstrom at 75 avenue and 115 street. Each new home will cost \$7,800.

Richie United Church received a building permit for a \$15,500 assembly ground floor, 40 x 60 feet, in lease as temporary accommodation until additional building can be financed.

Wheat Crop Estimate Low
OTTAWA, Aug. 16.—(CP)—Canada's 1949 wheat crop is expected to be 391,500,000 bushels, 1,800,000 bushels less than last year and about 18,000,000 bushels less than the 10-year average for 1939-48.

The crop estimate was the first issued this year by the bureau of statistics which reported that the wheat is being harvested from a near-record seeded area estimated at 27,500,000 acres compared with 24,100,000 acres in 1948 and 23,500,000 acres for the 10-year average.

The group includes 21 officers and 72 other ranks.

The convoy is scheduled to roll out of the city at 6 a.m. tomorrow.

Mile-Long U.S. Convoy Here
To early risers, Edmonton this morning must have appeared to be a wartime "open city."

A mile-long convoy of United States army transport trucks, armored vehicles, flat bed trucks, jeeps and staff cars, wound its way into Edmonton in the early hours.

The convoy is composed mostly of United States engineers and administrative staff headed for Whitehorse where they will set up headquarters for succeeding convoys in preparation for a large Canadian exercise this winter.

A city police escort preceded the long train of army vehicles to the exhibition grounds, where the personnel broke off for meals and a cleanup.

The group includes 21 officers and 72 other ranks.

The convoy is scheduled to roll out of the city at 6 a.m. tomorrow.

GOD'S FIRST SUNSHINE feels good to James Montgomery, 54, right, who has just been released from Illinois State Penitentiary after serving 24 years of life sentence for crime which Federal Judge Michael L. Igoe of Chicago just ruled didn't happen.

'Speedy' Trial Bogs Down In Delays

One prisoner of the law isn't having things go too well for him. He is Dean Stewart, who appeared in criminal court before Judge J. P. McIsaac today charged with vagrancy and escaping custody.

First off, he appeared in court with no lawyer. He was supposed to have engaged lawyer William H. Floor to represent him on the vagrancy charge, and Neil Primrose on the escaping custody charge.

Through misunderstanding somewhere, neither lawyer was certain he had been engaged, and neither appeared when court opened. Acting crown prosecutor J. W. K. Shortreed was asked by the judge to have court orderly telephone the lawyers.

When matters were finally straightened out, the vagrancy charge was sent back to police court, since it should not be taken to criminal court.

Then Stewart elected speedy trial on the escaping custody charge. He pleaded not guilty.

MORE COMPLICATIONS

But RCMP officer Corporal Herb Silver is out of town until the end of August, and he has to appear in court to testify in the case. But Silver has to go to Calgary for several days where he is to testify there on other cases. There was also the bar association convention early in September to contend with, since defence counsel Primrose wants to attend it.

Finally Sept. 16 was set as the date for Stewart's "speedy" trial. In the meantime, he goes back into custody where he's been for the past three months.

Spy...

By the Staff

BACK FROM CAMP

After spending ten days at the American Junior Red Cross training camp at Flathead Lake in Montana, Robert Raedeke, of 11233-67 Avenue, arrived home over the weekend.

He was accompanied by Donna Graessick of Calgary and Kathleen Herman, Alberta director of Junior Red Cross.

SUCCESSFUL PROBLE

Diane Dixon of Meola, Sask., was one of the student nurses of the Royal Alexandra Hospital who received her cap after passing probationary exams.

Capping ceremony took place June 22 in the reception room of the hospital.

CHURCH OFFICIAL HERE

On tour of missions of the Church of Latter Day Saints, Marion G. Romney, Salt Lake City, director of the Church of Jesus Christ, left Edmonton yesterday for Peace River district.

During prostrate visit Mr. Romney will counsel 140 young missionaries. He will visit mission throughout Alberta, British Columbia and Saskatchewan.

ACTING MAYOR ACTS

Acting Mayor J. M. Douglas, firmly enmeshed in the mayoral chair, says he wants the public to know he's "glad to be living."

One of his acts during Mayor Harry Ainlay's absence this week will be to get in touch with the city engineers' department and make sure somebody puts up those warning signs at Queen Elizabeth swimming pool crossing on Saskatchewan Drive. At last week's council meeting Aid Douglas urged them as protection for children against motorists who he said whizzed past the crossing with no regard for life or limb.

FIRST MOVE

Mayor Albert Hainsworth of Beaver is keeping a weather eye peered for reaction to the new 1 p.m. closing by-law which went into effect in the town Monday.

Failure to induce new business—particularly a hotel and restaurant—to establish in Beaver has been attributed to some extent to the fact that grocery stores remained open all evening. This was the subject in a concerted effort to bring these two enterprises into town.

Model Makers Contest Title

Two young Edmontonians will leave for Detroit by air Sunday to represent Alberta at Plymouth Corporation's Third International Model Plane contest.

Edward Hardy, 20, of 14145-92 street and John P. Penner, 22, of 10225-95 street, tied for grand championship honors in the Edmonton Bulletin-Kenn's Service Garage contest at Naman airport on July 16. They met stiff competition from model builders from all parts of the province.

The joint Alberta champs were invited to attend the big Detroit model, during the week of Aug. 22, by a committee composed of D. S. Kidins, Plymouth Motor Corporation president; Dr. Walter A. Good, chairman of the Academy of Model Aeronautics; and Frank P. Spoolie, contest director.

Leaving Edmonton via TCA at 6:15 p.m. Sunday, the pair will arrive in Windsor at 11:05 a.m. Monday. They will stay at the Fort Shelby hotel in Detroit.

Manoeuvres Set in U.S. German Zone

FRANKFURT, Aug. 16.—(AP)—"Exercise Harvest" the biggest American training manoeuvres in Germany since the end of the war, 110,000 men into action, the United States army said today. The manoeuvres are scheduled for Sept. 6-17.

Harry Arkie will succeed S. Buckingham as freight traffic manager, with supervision over the Canadian Pacific and United States Pacific coast agencies. At present Mr. Arkie is active in freight traffic manager at Winnipeg.

STEP-UP IN RANK for Capt. C. S. Conley, former paymaster Western Command, Edmonton, will take him as major to Centennial Command at Malton, Ont., as assistant paymaster. During Second World War Maj. Conley served in England, Mediterranean and European sectors.

SHARPSHOOTER Cpl. A. T. "Tommy" Sharp, member of Edmonton RCAP rifle team fired 50 times, scored 50 times to top all marksmen in tyro event for Canada in Dominion Rifle Association contest at Ottawa's Connaught ranges. Fellow teammate Terry Tymchuck with 49 score congratulated him.

Northern Grain Crops Reach Harvest Stage

BECAUSE reserve supply of blood saved life of Mrs. Julia Block, 10403-77 avenue, after she was injured in traffic accident. 18 men from No. 13 Works Co., R.C.E., and members of Block family this week donated blood to Red Cross Service. From left are Sgt. G. D. Block, 12103-106 street, son of woman, Sapper H. P. Morris, 12013 95 street and Red Cross technician Miss Irene Glen.

Flowers Fill Market As Annual Show Opens

Edmonton's Market Building is fragrant and colorful today. It's filled with fresh blooming flowers on display for the 41st annual exhibition of the Edmonton Horticultural and Vacant Lots Garden Association.

Show opened at 2 o'clock this afternoon and will continue through tomorrow.

Flowers on display are as good as in the past, despite the damage of the big July 16 hailstorm.

There are many begonias and gladioli, particularly and displays of cactus and succulents are "much better" than they have been for years.

Official opening of the flower show will be held at 8 o'clock tonight when Hon. Dr. J. L. Robson, minister of industries and commerce, will be present.

Annual gladioli show of the Horticultural Association will be held on August 22.

'Peg Man Gets CPR Promotion To Traffic Post

MONTREAL, Aug. 16.—CP—George F. Buckingham of Winnipeg has been appointed to the new post of assistant general traffic manager for the Canadian Pacific Railway with headquarters at Montreal. He was announced today by C. E. Jefferson, general traffic manager.

Harry Arkie will succeed S. Buckingham as freight traffic manager, with supervision over the Canadian Pacific and United States Pacific coast agencies. At present Mr. Arkie is active in freight traffic manager at Winnipeg.

STEP-UP IN RANK for Capt. C. S. Conley, former paymaster Western Command, Edmonton, will take him as major to Centennial Command at Malton, Ont., as assistant paymaster. During Second World War Maj. Conley served in England, Mediterranean and European sectors.

Education Grants Said Too Small

Municipal Districts Battle Rising Operational Costs

By William "Spud" Murphy
Bulletin Staff Reporter

Provincial government educational grants to municipalities are entirely inadequate and out of all proportion to increased operational costs of schools.

This is the considered opinion of executive of Union of Alberta Municipalities. Majority of province's municipalities are members of the Union.

Substantial increase in grants made in recent years, Union officials claim, fall considerably short of meeting increased costs.

School costs in many municipalities have more than doubled in the past five years, and in many cases are more than 50 per cent of the total tax levy in the municipality, officials state.

Frequent changes in the curriculum also have caused heavy increases in the cost of education. As the curriculum is set by the provincial government, this body should bear a much larger share of educational costs.

PROVINCIAL AID

Specifically the union is demanding that provincial government contribute at least 50 per cent toward the cost of primary and secondary education incurred by municipalities.

Indicative of mounting school costs are figures given by Aid J. A. Jardine, Lethbridge. In that city pupil enrollment increased by 10 per cent, and educational costs went up 164.8 per cent.

Increases in other municipalities are proportionate, he claims. Municipal officers throughout the province are able to meet school board requirements only by neglecting other essential municipal works.

Union officials also demand the government recognize reality of new schools. They request that special grants be made to municipalities forced by increased school population to erect schools.

First operations of harvest are underway in areas flanking Northern Alberta Railways. J. M. MacArthur, NAR general manager, reported here today.

He said farmers commenced cutting operations last week on field stands of coarse grains. Cutting of crops in northern areas will be general within the next 10 days if favorable weather continues.

The 1948-49 crop year provided one of the biggest grain handling movements for the northern railway, he said. A total of 18,750,000 bushels of all grains was handled from July 31, 1948 to Aug. 1 this year.

Of this total, wheat constituted 10,000,000 bushels with a remaining 10,000,000 bushels of coarse grains.

ADEQUATE STORAGE
Sixteenth district shipped the lion's share of grain with a total of 1,658,000 bushels, while Dawson Creek, B.C., and Grimshaw made up shipments of well over 1,000,000 bushels each.

An average of 750,000 bushels of all grains came from each of the towns of Barhead, Hines Creek, Hythe, Clairmont and Fairview.

Grain storage space in elevators along the NAR was almost adequate to handle a full average crop year, said Mr. MacArthur. Grain crops will likely be in good supply this year.

THOROUGH JOB
Car Attacked, Damaged, Stripped

Spite on the part of a former employee is believed responsible for wanton damage of a car owned by Phil Beaupre, Checker Taxi owner.

An employee dismissed two weeks ago, who walked out threatening to "get even," is believed to have caused the following damage to the car:

Dents and scratches on door and window.
Both side rear-view mirrors broken off and thrown 40 feet.
Rear tire deflated.
Exhaust accessory flattened.
Compass attached to inside of windshield broken.
Heater switch broken.
Rear licence plate-holder broken off and licence plate badly bent.

Provincial government officials announced today union members did not vote a majority as required by regulations for a strike.

Of 106 painters entitled to vote, 118 cast ballots, 59 favoring a strike and 56 opposing it. There were three spoiled ballots.

Regulations require a clear majority of all persons entitled to vote for a strike can be called.

Strike vote followed rejection by Edmonton Master Painters' Association of a unanimous award by board of arbitration under chairmanship of G. B. Henwood, K.C.

MEETING LIKELY
Painters and decorators were awarded a 10-cent hourly wage increase from last year's scale of \$1.25 per hour to \$1.35 per hour.

S. Campbell Fraser, president of the Master Painters' Association, and Herbert G. Turner were labor representatives on the arbitration board.

An early meeting of union painters will likely be called to decide next steps in the dispute, Edmonton labor officials said today.

Quebec Riding Vote Contested
ST. JOSEPH DE BEAUCHE, Que. Aug. 16.—CP—The election of Paul Proulx, independent, in the June 27 federal election was contested yesterday in an action filed in Superior Court here by two electors of the Beauce riding.

Dr. Proulx had defeated his Liberal opponent Ludger Dionne, who was a member of parliament in the last house, by 226 votes.

Farm Population Peak Imminent

Rural Areas Could Support 50 Million At Low Standard

LAKE LOUCHING, Ont., Aug. 16.—(CP)—The population of Canada's agricultural areas is gradually approaching its peak, Laval Fortier of Ottawa, immigration commissioner of the overseas service of the federal mines department, said today.

Triangle Seen In 2 Deaths

TORONTO, Aug. 16.—(CP)—Possibility of a triangle situation in the slaying of Robert and Gloria McKay is being investigated.

Police said their investigation into the shooting of the McKays, found dead here two weeks ago, showed the couple, at first described by friends as happily married, had quarrelled on numerous occasions and may have been contemplating divorce.

Investigators say this new angle on the case leads them to believe the slayer was known to the McKays and that jealousy, or possibly revenge, was the motive.

Neither body was robbed and the girl had not been attacked. Friends insisted that Robert McKay would never pick up a strange man on the road while his wife was in the car.

SLAIN ON TRIP
The McKays were slain while driving from the Barrie area to their home in Toronto after a civic holiday weekend trip to a farm owned by McKay's uncle.

Meanwhile, investigation is on in the slaying of a woman, Mrs. Alfred Layne, killed while trying to stop a holdup man fleeing from an east-central grocery store, was closed, were disclosed. The slaying was understood, were initiated by Mr. Garson.

Manning Firm On Gas Sales

VANCOUVER, Aug. 16.—(CP)—Premier E. C. Manning of Alberta said yesterday his province is doing everything possible to facilitate the export of crude oil, but he reiterated that no natural gas will leave the province until Albertans have an adequate reserve.

In a telephone interview from Qualicum Beach on Vancouver Island, Mr. Manning said surveys are almost complete for a crude oil pipeline from Edmonton to Regina, and on to the head of the Great Lakes.

"We've got a surplus of oil now," he said. "Our problem is to get rid of it."

But with natural gas, he said, our first responsibility is to the people of Alberta. We won't export until our own requirements are met.

Mr. Manning, with his wife and family, is on a fishing trip.

Duplessis, Justice Minister Conferred

MONTREAL, Aug. 16.—(CP)—Premier Maurice Duplessis of Quebec and Federal Justice Minister Garon conferred here Saturday. No details of the conference, which was closed, were disclosed. The talks, it was understood, were initiated by Mr. Garon.

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—The real Will Rogers has become overshadowed by the legend that has grown in the 14 years following his death.

But the memory of the "people's man" remains fresh in the minds of those who worked with him in the movie industry.

"He wasn't an actor," says one. "He was something greater than that—a philosopher."

"He was a shrewd man under that exterior," says another. "He knew people liked him folksy and plain, and he kept himself that way."

"He would stroll through the commissary and stop to chat with anyone," says another. "He always sat in the northwest corner of the place and Shirley Temple, Warner Baxter and Henry King had the other corners."

ONIONS FAVORITE
He was a millionaire who used to eat chili and raw onions for lunch. He was a brother and assistant to Frank Borzage, who directed Will's first talkie, recalls how Irene

Rogers disliked close-ups. "Give 'em to the girl," he'd say. "Nobody wants to look at this homey pan." Likewise he was a difficult man to hold still for a photograph, and he was no favorite with newsmen and reporters. He was a difficult interview.

NO CLOSE-UPS
"All I know is what I read in the papers," he said and he read plenty of them to find news to comment on. He could recall an insignificant news item that had been printed months before.

Coast Glider Sets Record

ARNPRIOR, Ont., Aug. 16.—(CP)—Barrie Jeffery of Vancouver, employed by the National Research Council at its experimental field here, yesterday claimed a new 90-mile distance record for motorless flight in Canada.

Towed aloft yesterday from Carp, Ont., airfield, about 80 miles west of Ottawa, by a Tiger Moth aircraft, Jeffery, secretary of the Soaring Association of Canada, was released at 2,000 feet.

He landed his Grinnell baby sailplane near Carpau Landing, Que., five hours and 20 minutes later. Carpau Landing is just 90 miles east from Carp.

Previous distance record of 79 miles from London, Ont., to Brantford, was set early this year by Al Pow of London, Ont.

BALANCING BABY Karen Mastrorodomenico keeps eye on that cake as she practices old trick on her first birthday—balancing on dad's finger. Mom's part of the act too. She baked cake for little aerobics party in Montclair, N.J.

By BILLY ROSE

Just No Telling About Fortunes

During my rag-tag career as a showman, I've met up with a lot of fortune-tellers, and it's my bumptious belief that, when it comes to fortunes, there's just no telling.

After watching these heralds of the hereafter in night clubs and sidewalks for a quarter of a century, I'm convinced that (a) a palm is something to rest the chin on, and (b) that the creases in a man's skull usually come from a rolling pin, rather than the day after tomorrow.

Which brings me to the story of Princess Winona, the mind reader, a 200-pound bundle of omens and oracles, all Woolworth and a yard wide.

MISS-MEAL DAYS
Back in the good old miss-meal days of the '20s, I was writing comic material for any twelfth vaudeville who could scare up two bits. And so I was ready and willing when Princess Winona's agent informed me that his client was prepared to part with fifty bucks if I could come up with some peppy chatter to run up her act.

"That night, I borrowed a nickel from a solvent shoe shine boy and subverted out to the vaudeville theatre at Brighton Beach where she was playing. And, sure enough, her act was as stilted as the tall man in a circus, shockablock with the kind of wheezes an embalmer might get off after a hard day at the office.

"Princess," I said when I saw her after the show, "the first thing I'd suggest is to drop the emphasis on your supernatural powers. What the act needs is a little kidding in between the miracles."

BOOKING OFFICE
"The booking office would probably like it that way," said Her Highness, "but I have no intention of making light of the powers Providence has given me."

"Isn't the booking office I'm thinking of," I said, "it's the customers. And the best way to keep them from squinting on their hands is to poke fun at your own racket. You know, pull a paw ticket out of your sleeve instead of the ace of spades—something like that."

SUB-WEESTER
Waddlesome Winona looked at me as if I had called her a sub-Weester name. "Young man," she said, "you're evidently confusing me with some of the charlatans you've worked for."

"Not only can I read minds, but nature has given me an extra sense—the ability to look into the future and predict what is going to happen."

"Okay, okay," I said hastily, afraid of missing out on the first. "I'll take me a week to frame up a new act, and then I'd like to go over it with you. What theatre are you playing next week?"

"I wish I knew," said the Princess.

Banker Named As Bootlegger Leader
COLUMBUS, Ga., Aug. 16.—(CP)—Hugo Smith, about 30, a banker and merchant, yesterday was named as the ringleader in a bootleg liquor racket operating in Georgia.

E. Satterfield, state alcohol tax agent, said Smith was in the retail grocery, hardware and furniture business.

Time Out

By Dick Beddoes

NO ONE LIKE RUTH
Ruth could hit that ball over the garden wall, high up and far away.
Beyond the outermost picket lines where the feet-foot fielders stray.
He was Bogey Man to the pitching clan, and he clubbed them round and late;
He manured his puns and hit home runs from here to the Golden Gate.
With him and verse he walked the curse from Texas to Duluth;
Which is no small task, and I rise to ask: Was there ever a guy like Ruth?

—John Kieran.

A YEAR AGO TONIGHT
A year ago tonight Death threw a curveball past the Babe.
And today the first anniversary of George Herman Ruth's death will be commemorated in every baseball park on the continent.
For there was never a guy like Ruth.

He was more than a ballplayer. . . he was a world figure. And when he left, a year ago today, he was genuinely missed by the whole world, by the millions of people who had never even seen him, much less watched his towering home runs clear the ramparts of major league baseball parks.
I know this because my generation of sports writers was still in diapers when he smashed his record 60 home runs in 1927. And he had long since passed into the shadowed vale of retirement when we were old enough to read about his exploits on and off the diamond.
But the magnetism of the Babe captivated us all, and those who knew him intimately. He had a grip on the world's imagination such as no athlete will likely ever have again.

A HOMERIC CHARACTER
Ruth was a Homeric character enormous in size and shape, outstanding on the playing field and equally famed for his career and colorful adventures in other fields. And he never did anything in a small way.
He was paid \$80,000 for a single season with the New York Yankees. Before retiring he made upwards of a million dollars from baseball alone.

He was in moving pictures. Once he received a cheque for \$25,000 for doing a movie and carried it around in his pocket so long that it became merely a scrap of waste paper. During the long interim before he presented the cheque for payment, the movie company had gone bankrupt.
On one vaudeville tour Ruth earned \$25,000, and spent \$30,000. He was like that.

"JUMP IN THE LAKE"
He received long suspensions for conduct which the modern commissioner of baseball, A. J. "Happy" Chandler, would call "delinquent to the national pastime."
Ruth was out of the lineup for the first 29 games of the 1921 season for refusing to obey and edit from the former commissioner, Judge Kenesaw Mountain Landis. Indeed, Babe even told the disgruntled ex-jurist of the United States Federal Court to "go jump in the lake," presumably meaning Lake Michigan, which was handy to the Landis office.
His adventures were hilarious, innumerable, and historical. In some cases—like when he raised his home run shot one dramatic afternoon against the Cubs in Chicago—they were almost incredible. In others they were utterly unprintable.

He played baseball on the same gargantuan and colorful scale. He was gruffhearted and freeheaded, throwing his money around with a lavish hand and greeting his admirers with a hearty handshake and kind words.

Millions worshipped him, and he loved it. He was especially loved and admired by children, the country over. Sometimes when there was delay on the diamond he would back up to the rightfield screen behind which were the bleachers and chat with the youngsters there.
The greatest testimony to his prodigious home run power was alleged to have been made by the Spalding sporting goods company. On the boxes containing Spalding baseballs was the inscription: "We're joining Ruth to see the world."
No, Mr. Kieran, there was never a guy like Ruth.

SIZING UP his opponent Dick Leonard, right, prepares to plant right cross on Jimi Ego's jaw during action in semi-windup on last night's boxing card. Leonard, Salt Lake City battler, scored unanimous decision over Ego.

Fastball Players Stage Riotous Clubhouse Brawl

Boxing promoter Jack Berry may disagree, but last night's uncheduled fight presentation at Kingway park will probably stand as the "Sporting Highlight of the Year."

The above mentioned fistfights were presented as the main event, a doubleheader. They broke into full force following Singers 5-3 victory over Legionnaires.

POT ON FIRE
Singers manager Sammy Sheekler got the pot boiling late Sunday when he accused team-mate Hoby Clark of "laying down" in the first game of a best-of-three series against Legion.

Argument came to a head at the start of last night's game. Sheekler gave Clark his walking ticket. Round one was Sheekler's by a good margin.

After the last man had been retired in the ninth inning, the two contestants met on the field to battle in front of the crowded grandstand. Close observers "we couldn't see too well from the press box" called it a draw, with Clark getting stronger near the end.

Later the boys withdrew to the dressing room where they threw a few more bare knuckle punches. The general consensus was that they were working on a "no-hitter."

CLARK COPS NO
Ringiders—numbering close to 30—gave Clark the nod on his superior defensive skill. Final score card has Singers minus 1. (First baseman manager Sheekler with the word "advised" in his ears, earned draw for both competitors.)

Clark claimed he was given a "raw deal" by Sheekler. "Sheekler is off the beam saying I wasn't trying," said Clark. "He's the kind of a guy who gives a team I don't think I'm the first player to have a run-in with him."

Sheekler pleaded his case equally well.

Said he: "Clark isn't the kind of a guy for our team. He wasn't trying against Legion Sunday and we lost. Last night Clark was out of action all night. I don't think I'm the first player to have a run-in with him."

Whether or not the league will rule on the outburst remains to be seen. Several players were among the onlookers but refused to comment on the situation except for a few who said they were "in the thick of it."

Threats of bodily harm were being tossed around like hot potatoes in the dressing room. Singers' manager, Ralph Hansen, Legion second baseman, nearly came to blows with Singers' pitcher Jim Mince. Mince uncocked a wild pitch that caught Hansen on the temple. Hansen's head hit the ground and he was shouting dire threats at Singers' pitcher.

Mince didn't seem easy, going on to win on an eighth-inning tie. The best-of-three series at 1-1.

opener, a quiet affair involving the former ace, saw South Side grab a 2-1 lead in the best-of-five inter-league city playoffs, ending Burns 9-8.

Burns: 001 000 000—5 1 1
South Side: 001 000 000—5 1 1
Corkin, Smith (3), Forrest (1) and Mince.

Union Strength At Record Peak

1,000,000 Mark Approached,
More Than Twice 1939 Total

OTTAWA, Aug. 16.—(CP)—Trade union membership in Canada reached an all-time high in 1948 when it crowded close to the 1,000,000 mark, Labor Minister Mitchell announced today.

CENTENARIAN WOULD BE CAREER GIRL

SAXONBURG, Pa., Aug. 16.—(AP)—"Grandma" Susan Stewart today celebrated her 100th birthday and said she likes living so well she'd like to do it all over again.

U.S. Denazification Nearing Completion

FRANKFURT, Aug. 16.—(AP)—The denazification program in the United States occupation zone of Germany has been 98 per cent completed, the American Military Government said today. Of 13,190,778 persons registered under the law, 261 per cent were found to be chargeable cases under the denazification laws.

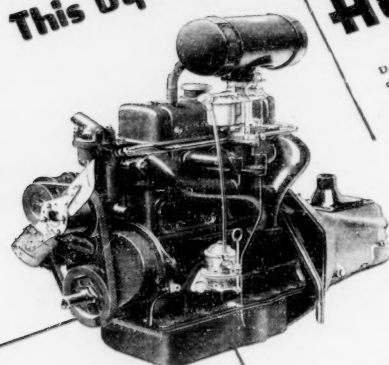

The forests of the United States include over 800 different kinds of trees.

HAY FEVER Relief

Has been won—quickly, safely—by thousands who have suffered from this annoying and often fatal disease. Now you can get relief from this annoying and often fatal disease. Now you can get relief from this annoying and often fatal disease.

SO ECONOMICAL
SO POWERFUL
SO DEPENDABLE

This Dynamic Valve-in-Head Engine of the
AUSTIN "A40"

Designed to save money while setting new standards of performance, this sensational engine powers the Austin A40 Devon—the car that is making Canadian automotive history. Carefully, painstakingly developed, this compact valve-in-head engine with the unusually high compression ratio of 7.2 to 1 provides the amount of fuel consumed. Performance is unequalled, and you'll thrill to the crisp start, for a highway pass, or for sustained speeds of 70 m.p.h.—plus.

THE AUSTIN "A40" DEVON
—the car for CANADIANS

Austin "A40" replacement parts and service are readily available throughout Canada and United States.

New Polio-Like Virus Isolated By Scientists

NEW HAVEN, Conn., Aug. 16.—(AP)—Yale scientists today expressed belief that a large number of cases diagnosed as poliomyelitis may actually be attributable to a new and apparently non-crippling virus.

Existence of the virus, first reported by the New York state department of health, was confirmed by the Yale researchers after a year's study.

Isolated during last summer's polio outbreak in southern New England, North Carolina and Texas, the origin of the virus still is unknown and its means of transmission obscure, but the Yale scientists reported that all infected persons who have come to their attention have recovered with no harmful after-effects.

A report of the Yale research was published today in the proceedings of the Society for Experimental Biology and Medicine. Commenting on the report, Joseph L. Melnick, associate professor of microbiology, said:

"It is believed this new virus was the cause of widespread illness last year during the poliomyelitis season. Last year there were about 25,000 cases in the United States which were reported as poliomyelitis, the largest number since 1916.

"On the basis of this research at Yale, it is believed a sizeable percentage of these cases may have been falsely diagnosed as poliomyelitis and were actually attributable to this new virus.

"We have reason to think this may be a fairly common disease, and with this new information physicians, working in conjunction with virologists in poliomyelitis areas, may have available a valuable new tool for specific diagnosis."

Identity Card Given Forces

OTTAWA, Aug. 16.—(CP)—The forces are issuing new identification cards to their roughly 45,000 regular troops and to thousands of civilians working for the defence department.

The armed forces identification bureau said today it expects to have the 7,000 people at defence headquarters completed this week.

The cards include photographs and fingerprints and certain personal information.

Mobile units under Lt. G. A. Kyle will tour the country finishing up the cards.

They have a streamlined procedure that averages 100 per cent on the cards.

Officials said the cards "were introduced recently as a further step in co-ordinating effort in the three services."

They would be a further check against any illegal functions within the ranks.

UN Meet To Discuss Conserving Resources

By Paul F. Ellis

LAKE SUCCESS, N.Y., Aug. 16.—(BUP)—Scientists from all parts of the world began arriving today for a three-week conference on what man can do to conserve the world's resources.

The conference, initiated by the United States, is listed as an important affair of the United Nations, and will be officially known as the United Nations Conference on the Conservation and Utilization of Resources.

The opening address tomorrow morning will be given by U.S. Secretary of Interior J. A. Krug. Other opening talks will be given by U.S. Secretary of Agriculture, C. I. Johnson, and U.S. Secretary of Commerce, C. D. Ickes.

Another strategy highlight will be a talk by Fairfield Osborn, president of the New York Zoological Society, whose recent book, "Our Plundered Planet," became a best seller. It painted a dreary picture of the future of the earth unless man did something about depleting his world's resources.

Experts on soil conservation, mining, engineering and food production will participate in many discussion periods and from the conference the scientists expect to get a new approach toward world cooperation in preserving what resources are left on the earth.

Israeli Army Reorganized

TEL AVIV, Israel, Aug. 16.—(UP)—A four-point reorganization is planned for the Israeli army so that it might remain prepared against the possibility of further hostilities from the Arab states.

Premier David Ben Gurion told the Israeli parliament last night.

Ben Gurion said the army reorganization will be his last act before resigning as minister of defence. He listed these steps:

1. Establishment of a chain of fortified frontier settlements whose members would be well-trained and equipped.

2. The standing army will be supplemented by volunteer land, sea and air forces.

3. Men between 18 and 36 will be drafted for two years' service—one year of farming and one year of military training.

4. Men up to 40 years of age will be mobilized according to age groups for limited service in the reserve army.

Man Mistakes Acid For Shampoo; Dies

TALLAHASSEE, Fla., Aug. 16.—(AP)—Miss J. Lambert, Jr., 21, today apparently mistook a bottle of carbolic acid for a shampoo mixture, applied it over his head and died a few minutes later en route to hospital.

HAY FEVER AND ASTHMA Two New Specialized Treatments

Amazingly new and active separate treatments have been developed for Hay Fever, Asthma and Allergies. These treatments are available in a tube with a special nozzle, which can be used to administer the treatment directly to the nose, throat, or lungs.

Hay Fever, Asthma and Allergies are caused by the same thing—sensitivity to certain substances in the air. These substances are called allergens. They can be found in pollen, dust, mold, and many other things.

When you are sensitive to these allergens, you will have hay fever, asthma, or allergies. These conditions can be very annoying and even dangerous. But now there is a new way to treat them.

The new treatments are called "Hay Fever and Asthma Treatments." They are available in a tube with a special nozzle, which can be used to administer the treatment directly to the nose, throat, or lungs.

These treatments are very effective and can be used by anyone. They are available in a tube with a special nozzle, which can be used to administer the treatment directly to the nose, throat, or lungs.

Kidding Cop Shot to Death After Prank

CLARKSBURG, W. Va., Aug. 16.—(AP)—A Clarksburg policeman today and Chief E. G. Amier said it was the result of a prank.

Patrolman Chester Shack was shot through the heart.

Patrolman Robert Lee Fawley, 35, is held in jail on an open charge.

Chief Amier said this is what happened.

Shack and Fawley patrolled adjoining beats, meeting at the street corner at 10th and 11th.

As Fawley rounded the corner this morning, Shack tossed a blackjack at him, thinking to scare him.

Fawley whipped out his .38-calibre service revolver and fired.

Shack staggered into Fawley's arms.

SHOPPING GUIDE

Floral Fragrances Bottled in Pottery

By Bea Thrifty

Favorite flowers of a summer garden have been transplanted to milady's dressing table. Now she can enjoy their gay colors as well as their spicy fragrances.

From England, dainty hand-painted pottery jars of light floral cologne have found their way into city stores.

Patterns

By Anne Adams

Beautiful on you on a date! A new charmer with that sleeveless look—a mighty smart fashion. And—sew-joyful news—just THREE main pattern parts!

Pattern 4905 comes in sizes 12, 14, 16, 18, 20. Size 16 takes 3 1/2 yards 35-inch; 1 1/2 yards contrast.

This pattern, easy to use, simple to sew is tested for fit. Has complete illustrated instructions.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Print plainly date, name, address, style number.

Send order to Anne Adams, care of The Edmonton Bulletin, Pattern Department, 60 Front Street W., Toronto 1-6, Ontario.

Please allow a week or ten days for delivery.

Necklines Plunge Deeper in Paris

PARIS, Aug. 16.—(AP)—Tight skirts, low necklines and pockets placed in peculiar places were the highlights of a fall fashion showing given yesterday by Paquin.

Lots of skirts, mainly for evening, fitted like the skin of a sausage down to below the knees where they kicked into fullness.

Necklines on some cocktail and evening dresses were so low even the mannequins got embarrassed.

Large pockets are set at the hemline of high-length box jackets and concealed skirt pockets are placed into a vertical, lever-like seam.

An apricot-colored blanketed topcoat with gigantic, standup collar had, large, flapped pockets placed near the hemline at back and front.

Exaggeratedly-pouched bodices are used on jackets and dresses, an unusual trimming highlights suits.

Dieting Worms

EVANSFORD, Kent, England.—(CP)—Scientists have put 400 silk worms on a diet in an attempt to quell "Bacterie," a disease which kills thousands of worms within a few hours.

Household Arts

By Alice Brooks

It's new! This fan-arrangement of your favorite pinapples in lacy beauty for your chests. Have it ready for special occasions!

You'll love it forever—it wears practically forever. Use Pattern 7211, crocheted directions.

Our improved pattern—viewed with easy-to-use charts and photos, and complete directions—makes needlework easy.

Send twenty-five cents in coins for this pattern (stamps cannot be accepted). Edmonston Bulletin, Household Arts Dept., 60 Front Street W., Toronto 1-6, Ontario.

Please allow a week or ten days for delivery.

TOBE SAYS—

Fur-Trimmed Coats Back In Fashion

I, for one, am very glad to see fur-trimmed coats back again, for no winter coat fashion was ever more flattering to women.

As a whole, fur collars on the new coats are short-haired furs like the Persian lamb, the various kinds and colors of mink, beaver, squirrel, muskrat—and for the young and gay—spotted furs like leopard and ocelot.

There are some fluffy foxes and lynx on the smart new casual coats.

Fur-trimmed coats look newest and most exciting in colors with contrasting fur—a subtle light taupe with black Russian, the lovely new moonlight blue with platinum mink, bright red with leopard.

Send order to Anne Adams, care of The Edmonton Bulletin, Pattern Department, 60 Front Street W., Toronto 1-6, Ontario.

Please allow a week or ten days for delivery.

Video Show Stars Three Smart Girls

LONDON.—(CP)—Three smart fashion-wise girls are Mary Malcolm, Sylvia Peters and Joan Gilbert. London's television announcer-interviewers.

Officials at Alexandra Palace, British Broadcasting Corporation television headquarters, predict that as television grows the trio will build up the world's biggest fan club.

Latest fashions will be shown in films, reviews and parties. Fashion houses will advise the already expert wardrobe department in tomorrow's trends.

Every time they appear before the cameras they will be modelling the very latest in afternoon and evening dresses, tailored suits and even sports clothes.

"They won't own them. Their wardrobe will cost thousands of pounds. But all the clothes will be made by expert seamstresses in our own wardrobe department."

The three girls never wear the same dresses twice running on broadcast.

And what about the men? Well, MacDonald Hobley (who looks something like a combination of Frank Sinatra and Prince Philip) is the only male announcer and it is planned to put him, too, into various ensembles of ratty clothing.

But your story proves my contention that every wife and mother should take a vacation away from her family every year, not only for her own sake, but for their sake.

Answer: Why I'd say that any woman who is that important to her family should feel that she is one of the kingpins that hold the universe together. And I am sure she must be so proud and happy that her very heart must sing for joy.

But your story proves my contention that every wife and mother should take a vacation away from her family every year, not only for her own sake, but for their sake.

WHY GROW OLD

First Pounds Are Easy to Take Off

By Josephine Lowman

Have you lost that sleek, slim, youthful feeling and sunk into a middle-aged, fatigued appearance with a resulting middle-aged outlook because of a few extra pounds?

This week I am printing a few Marathon results, which come from women who entered by Eight-Week Self-Improvement Marathon a few months ago.

I often am impressed with the fact that the greatest factor of change between pictures taken 20 years ago, as compared to the present appearance of an individual, is the extra weight they have acquired. It's not so much the lines as the jowls; not so much the grey hair as the thick waist; not so much the dignity as the protruding abdomen which adds years to appearance.

This week I am printing some letters from successful Marathon entrants. Today's letter says:

"Just a few months ago I weighed 175 pounds. I now weigh 145 pounds. Your column has been worth its weight in gold to me! I accomplished this by following your diet and exercising."

I have surprised many people, my doctor included. He keeps asking me if I am taking reducing pills.

"I have also had long hair for many years, and just recently had it cut. This is the only change in weight I made. I had a new person out of me. I am very anxious to find out why I don't seem to lose any more weight."

This letter stimulates two thoughts. One—let me tell my readers that the slow up in loss of weight is natural and to be expected. If you will continue with your diet, although it is discouraging when the weight loss stops, you will begin losing pounds again. Just keep on counting calories and the scales will again give you happy news!

Two—she knows that her figure is poor! She is apt to lose interest in her general appearance. Once she begins to lose interest in her general appearance, she begins taking an interest in her clothes and hair styling, whereas the whole thing seemed hopeless before. Lose these extra pounds and then you can have fun experimenting with hair styling clothes and make-up for a lovelier YOU!

If you would like to have my general reducing routine, which gives you a loss of around twenty pounds in eight weeks' time, send a stamped, self-addressed envelope with your request for leaflet No. 1 to Josephine Lowman in care of this newspaper.

YOUR BABY AND MINE

Sitter Should Be Given Complete Instructions

By Myrtle Meyer Eldred

Almost every mother employs a "sitter" at some time or another to take care of her baby or children. The blithe way in which mothers leave their infants in care of strangers makes it miraculous that there are as few accidents as there are.

But, this does not absolve the mother from the duty of giving the sitter complete instructions. First and foremost the sitter should have the telephone number, in a prominent place, of some responsible person who can be reached if there is an emergency.

The sitter should know the baby personally. A perfect stranger might reduce the frightened child to hysterical screams. This is unfair to the baby and the sitter.

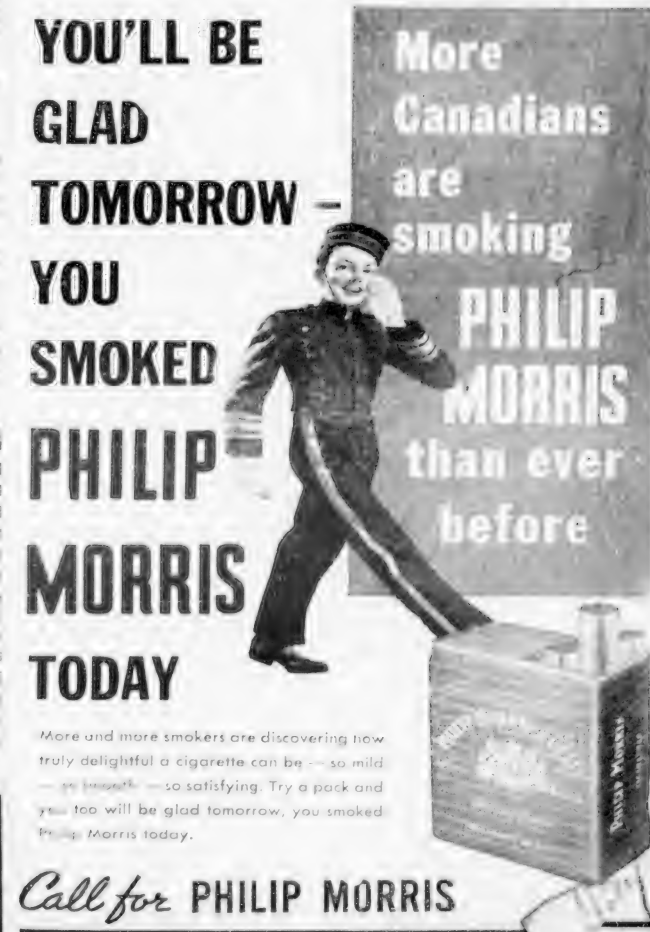

The sitter should be made acquainted with the house. If there are danger spots, such as stairs, she should know them and where the light is situated which illuminates them. She should know what the baby can and cannot play with in the home and the position of electric light cords, sockets, fans, or what have you.

She should know where to find the boy's garments and the exact contents of his diet and his formula. If this seems to be extraneous information every mother would be sensible enough to give it. I know personally a sitter who was left with an infant and held him most of the afternoon, because the mother had gone off without leaving a word of instruction about when or what he should be fed.

Even young girls should have some information on how to deal with small bumps, bruises or cuts.

It is Easy and Fun to Make Leaf and Flower Collections

Dear Tawasi:
During the late summer and early autumn many leaves and flowers are in their best colors. It is a good time to make a collection. Maybe you will have to be a little patient, but the results are worth the wait. You can make a collection of leaves and flowers in three or four weeks. Summer certainly is going quickly, isn't it?

Remember that the best time to make a collection is when the leaves and flowers are in their best colors. This should be placed in a cool, dry place.

Remember that the best time to make a collection is when the leaves and flowers are in their best colors. This should be placed in a cool, dry place.

Ontario Starts Training Cruise

Ontario has started a training cruise for its new recruits. The cruise is being held in the Great Lakes and will last for several weeks. The recruits will be trained in various aspects of naval warfare, including gunnery, navigation, and shipboard discipline. The cruise is being led by the Ontario's commanding officer, who is a highly experienced naval officer. The recruits are all young men who have just completed their basic training at the Ontario's training school. The cruise is a very important part of their training, as it allows them to gain practical experience in a real-world situation. The Ontario's commanding officer is very proud of his recruits and is confident that they will all become excellent naval officers.

YOUR BEST BUY FOR LOWEST-COST DELIVERY!

THAMES 1/4 TON 1/2 TON TRUCKS

ENGLISH - BUILT BY FORD

UP TO 40 MILES PER GALLON!

Ideal for "stop and go" delivery - Responsive, easy to handle

THAMES 1/2-TON TRUCK

THAMES 1/2-TON TRUCK

Just the right answer to your right delivery problem are these famous Ford English Built Trucks. They cut out on rock bottom! Owners report gasoline mileage runs as high as 40 miles to the gallon, and upkeep costs are low and. Thames 1/4 ton and 1/2 ton trucks are especially designed for maximum "stop and go" service.

You'll be pleasantly surprised to meet experienced deliverymen who are proud with their experienced results. These trucks have no end problems. You will find that Thames Trucks give dependable, economical performance mile after mile, season in and season out. They are more than just a delivery truck; they are the difference in appearance and you can make them a traveling billboard for your business.

Wide Rear Doors and Low Floor Load - Easy to load and unload. Heavy Duty Body - Built to last. Dependable Performance - Always ready to go.

Excellent advertising space. Your business is provided by the company. Dependable, body panels. And the distinctive appearance of your Thames 1/4 and 1/2 ton trucks. Dependable Performance - Always ready to go.

SOLD AND SERVICED BY 1100 FORD OF CANADA DEALERS FROM COAST TO COAST.
